Muhammad Saad Afridi

Member @ Computer Cell Society UET Peshawar Official | Computer Science

Peshawar, Khyber Pakhtunkhwa, Pakistan

Summary

As a current member of Computer Cell Society UET Peshawar and the Institute of Electrical and Electronics Engineers, my engagement with technology extends from academic pursuits toward practical applications. Pursuing a Bachelor's degree in Computer Science at University of Engineering & Technology Peshawar, I'm honing my skills in Java, C++, and front-end development, ensuring a strong foundation for my burgeoning career. With certifications in English communication from Georgia Tech and proficiency from Duolingo, I am well-equipped to collaborate effectively in diverse teams. My vision is to leverage this blend of technical and communication skills to contribute to innovative projects and drive forward the field of computing.
